EXPERIENCE

Nagarro Software, Gurgaon—Associate Technology

Sept 2016 - Present

Working with the brightest people (Center Of Excellence) of Nagarro who works on bleeding edge of technology and basically they are technology enablers, provides the technical architecture solutions, trainings and webinars. My aim is to make the most effective use of my time utilizing my expertise especially in JavaScript to deliver quality solutions.

Decimal Technology, Gurgaon—Software Developer

June 2015 - Sept 2016

Being a part of Decimal Technologies, I was amplified with various opportunities to work for different domains including Banking, IT in a wide range of JavaScript projects. I worked with senior developers to manage large, complex design projects and involved in architecting the applications and development of common components.

GB Infotech, Chandigarh—Software Trainee

May 2014 - July 2014

In the span of summer vocation of graduation, I successfully completed the professional training of web development with PHP at GB Infotech. It was good experience while working with PHP but It sparks my interest toward JavaScript.

IBM Career Education, Chandigarh—Software Trainee

May 2013 - July 2013

During the another summer vocation I joined IBM Career Education group where I learned the basic concepts of core java, android development, lifecycle of an android app etc.

PROJECTS
